RECREATION AND PARKS

Office of the Minister

Room 425, Legislature Building, Edmonton, Alberta, Canada T5K 2B6 403/427-3672

The Honourable Dr. David J. Carter
Speaker of the Legislative Assembly of Alberta

Sir:

I have the privilege of submitting the 13th Annual Report of the Recreation, Parks and Wildlife Foundation for the period from April 1, 1989 to March 31, 1990.

Respectfully,

Dr. Stephen C. West
Minister
Alberta Recreation and Parks

RECREATION, PARKS AND WILDLIFE FOUNDATION

Seventh Floor
Harley Court Building
10045 - 111 Street
Edmonton, Alberta
T5K 1K4
Phone (403) 482-6467

Message From the Chairman
Hon. Dr. Stephen West

Sir:

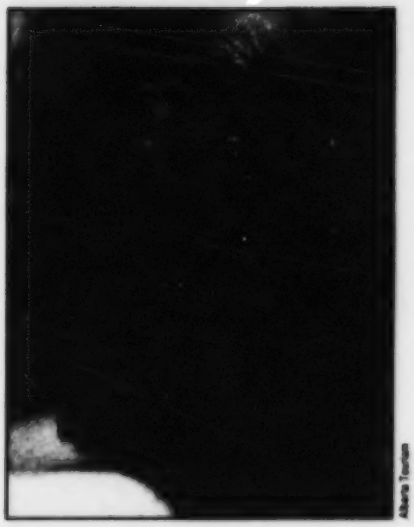
I take great pleasure in presenting the Foundation's 13th annual report for the year ended March 31, 1990. Be assured that the Foundation Board has worked diligently in carrying out its mandate as set out in Chapter 49 of the Statutes of Alberta, 1976.

The funds accrued to the Foundation from Alberta Lotteries have greatly enhanced the Foundation's ability to encourage the enrichment of Alberta's Recreation, Parks and Wildlife.

Respectfully submitted,

Ritchie Twa
Chairman
Recreation, Parks and Wildlife Foundation

OVERVIEW



Alberta Tourism

The Recreation, Parks and Wildlife Foundation is an autonomous agency created by provincial legislation in 1976. The Foundation provides individuals and organizations the opportunity to make donations to be used for recreation, parks or wildlife projects in Alberta, or to apply for funding for such projects.

Thus the Foundation is both a giver and taker, accepting donations, and in turn allocating grants. The Foundation's stated objective is to provide to persons and organizations the opportunity to donate real or personal property to be used for:

i) the development or maintenance of recreational programs, services and to a lesser extent, facilities;
ii) the development or maintenance of parks; or
iii) the management, conservation or preservation of fish and wildlife.

Similarly, the Foundation has the power to make grants to any individual or organization for projects falling within these objectives.

As an agent of the Crown in the right of Alberta, most donations, bequests and gifts made to the Foundation qualify for the maximum benefit under the Federal Income Tax Act. In addition, since 1979 the Foundation has been a recipient of a portion of the revenue generated by Alberta Lotteries. This combination of private donations and Alberta Lotteries profits has greatly enhanced this Foundations ability to fulfil its mandate. Thus, the Recreation, Parks and Wildlife Foundation is a catalyst, transforming donations and revenue into worthwhile projects which benefit the people of Alberta in a great variety of ways.

BOARD OF DIRECTORS

The Board of Directors consists of not more than 12 members appointed by the Lieutenant Governor in Council for a period of three years. Each member, although employed in a career not usually connected with the Foundation's work, is nominated on the basis of their extensive volunteer time, knowledge and experience with community-based recreation, parks or wildlife programs. It is this experience they draw upon when reviewing each application submitted to the Foundation, and when making an informed decision as to the amount of funding to be provided to various projects. As of March 31, 1990 the following persons were members of the Foundation's Board of Directors:

NAME	LOCATION
Ritchie Twa, *Chairman*	Wainwright
Walter Dietz	Vermilion
Ted Hart	Banff
Christina Jones	McLennan
Murray Lethbridge	Lethbridge
Margaret Lounds	Calgary
Gordon McIntosh	Spruce Grove
Julian Nowicki	Edmonton
Glen Semenchuk	Edmonton
Peggy Strankman	Calgary
James Todd	Red Deer
Bob Wells	Calgary

Alberta Tourism

FOUNDATION ACTIVITIES

To meet its stated objectives during the 1989-1990 fiscal year, the Foundation provided grant assistance through five main programs, and continued to work to identify and develop new initiatives. The first program, known as the Quarterly Grant Program, was extremely successful and provided the basis for many Foundation activities. The second area of funding was the Annual Association Enrichment Program. Foundation assistance was also provided through three specialized initiatives: Youth in Action, the Park Ventures Fund, and the Leisure Lifestyle programs which are described in more detail in the following pages.

The Foundation operates province wide from a single office in Edmonton and is managed by a staff of five permanent employees.

To operate the Park Ventures Fund and the Leisure Lifestyle programs, the Foundation has made effective use of specialized staff seconded from the Alberta Recreation and Parks Department.

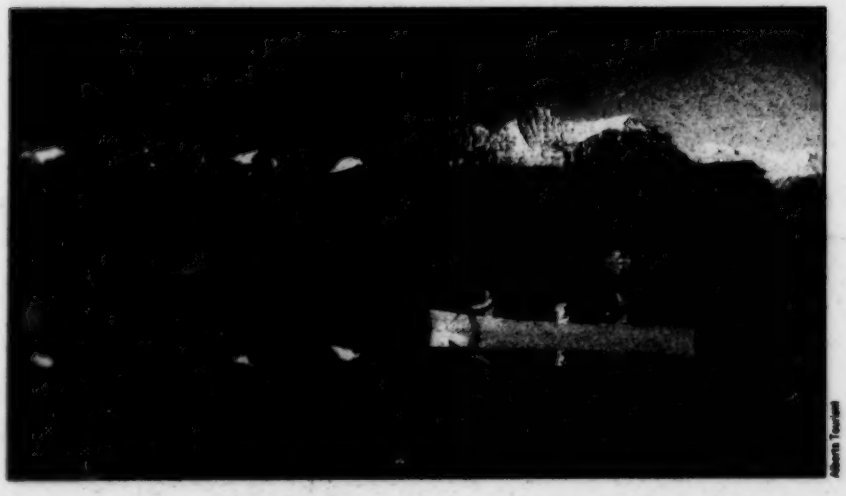
QUARTERLY GRANT PROGRAM

The Foundation accepts applications for grants four times per year from individuals, groups, municipalities and organizations. Anyone and everyone is eligible to apply to the Foundation's Quarterly Grant Program providing their project benefits Alberta. Projects must be related to the areas of recreation, parks or wildlife and must not conflict with, nor duplicate other funding sources or government departments.

As a result of the 1990 call for applications, the Foundation received and reviewed 501 requests for support, totalling $12 million. Funding was awarded to 363 of these projects in the amount of $4,557,503.

Highlighted below are examples which depict the Foundation's ability to assist a wide range of projects beneficial to a variety of Albertans. For a complete listing of all quarterly grant applications, see the Appendix on page 13.

Alberta Tourism



Alberta Tourism

WILDLIFE AREA GUIDE

Wildlife viewing is one of the fastest growing forms of outdoor recreation in Canada. Statistics show that our population spent a total of $2.7 billion to watch, photograph, study or feed wildlife in 1987. Obviously, with that kind of money being spent on this recreation activity there is a need for encouraging every opportunity in our province.

The Foundation, along with the Fish and Wildlife Division of Alberta Forestry and Alberta Tourism have joined forces to produce Alberta's first "Guide to Alberta's Watchable Wildlife Areas." Unlike other guides on the market, this one will offer introductory-level wildlife viewing information on 75 sites throughout the province.

As well as giving geographical directions to each site, the Guide will contain information on how to properly view wildlife and how to minimize disturbance to both wildlife and habitat.

The Foundation exists to help Albertans appreciate their rich natural heritage. This Guide will enable people to locate and view wildlife species that perhaps they have never seen before thereby helping the Foundation fulfil its objectives.

BOW ISLAND POOL RE-BUILT

The Town of Bow Island, has provided summer enjoyment for its residents through the use of an outdoor swimming pool. Built in 1965, the pool has proved very popular and has served the town well.

In April of 1988, an unexpected and somewhat spectacular accident occurred during regular spring maintenance. The town sits on a silty, clay base so that water does not move through it easily. Over the years, water has collected beneath the outdoor pool due to leaks in the piping, through the deck and occasionally through the pool itself. As a consequence of these factors, when the pool was emptied as part of the regularly scheduled start-up operations an unequal pressure situation developed and the ground water pressure beneath the pool caused it to "pop" two feet out of the ground causing considerable damage to the decks, skimmers and piping.

After much consultation with experts a new pool was designed to replace the old incorporating many updated features to handle all levels of swimming from competitive to handicapped access.

The Foundation's ability to provide small facility grants was just enough to help finish off the new pool in grand style.

MORE WETLANDS RESTORED

The activities of Ducks Unlimited in the field of wetland restoration is well known throughout Canada and in particular in our own province.

Once again, the Recreation, Parks and Wildlife Foundation has assisted Ducks Unlimited in the restoration of more Alberta wetlands with the recent approval of a $50,000 grant. The grant will be used for land acquisition in the area south of Frank Lake. When purchased, the land will form part of an overall habitat and flood management system in the area which will greatly improve a project that has been on-going since 1952 when Ducks Unlimited constructed the first flood management channel.

In 1975, Ducks Unlimited constructed a fixed crest weir which was capable of controlling the water levels thereby securing over 2,500 acres of prime

RPW Foundation

waterfowl habitat. Unfortunately in the early 1980s water levels remained below the fixed crest and in 1983, Frank Lake completely dried up and has stayed dry to this day.

However due to a sequence of events that have taken place in the last year, plans are now in progress to restore Frank Lake as a significant waterfowl habitat. These plans have come about as a result of the cooperation of a number of partners at Frank Lake. It will in actual fact be a multiple-use project involving not only wetland restoration, but also flood management, stock water and waste water re-use and storage.

The plan is to flood the lake using good quality, tertiary treated waste water from the Town of High River and from a packing plant now under construction.

On completion of this project, a wetland area of over 3,000 acres and an upland of some 800 acres will be secured. This will ensure good habitat for staging waterfowl including such species as Northern pintail, canvasback, American wigeon and blue-winged teal.

The resultant marsh will also be attractive to many other aquatic furbearers as well as the White-tailed deer and Mule deer.

FAST TEEN PROGRAM

FAST is an acronym meaning "Fresh Air Seekers for Teens" and is a programme designed to help 100 teens from the County of Strathcona develop leadership, personal and life skills, through the use of recreation, parks and wildlife projects.

FAST is designed for the participants to learn by experience and will provide several cooperative group experiences enabling both leader and follower to develop necessary work, people and self skills. These skills are not addressed individually, but are integrated into the experiential leadership programme.

Alberta Tourism

The **FAST** programme has a threefold objective. First, it will provide opportunities for teens to develop leadership, personal and life skills. Second, to develop a youth volunteer core to provide 1,600 hours of public service functions at the Strathcona County.

The Foundation through its "Youth In Action" program exists to provide assistance to a wide variety of youth and teen interests ranging from drop-in centres, to recreation programs such as the **FAST** initiative. The key point being that youth are involved in initiating, planning and carrying out the project.

The Recreation, Parks and Wildlife Foundation recognizes the important contribution this program will make to the lives and leisure activities of not only the youth of Strathcona County, but of countless others in communities throughout Alberta. Consequently, the Directors were pleased to be able to authorize a grant of $25,000 to be used to offset the project costs.

ANNUAL ASSOCIATION ENRICHMENT PROGRAM

The Association Enrichment Program is available only on an annual basis to provincially recognized recreation and service associations. In 1989-1990, 35 provincially recognized associations were registered under this funding program. The purpose of the program is not to duplicate the funding associations receive to provide basic service, but rather to enrich the associations by supporting new initiatives. By funding innovative new programs, the Foundation aims to help associations strengthen and grow to offer better, more varied recreation opportunities to Albertans.

ASSOCIATIONS RECOGNIZED BY THE RECREATION, PARKS AND WILDLIFE FOUNDATION IN 1989-1990

	Net Grant
Boy Scouts: Alberta	$ 50,000
Alberta Bridge Players Association	$ 0
Girl Guides: Alberta	$ 23,810
Alberta Federation of Rock Clubs	$ 0
Alberta Scuba Divers Council	$ 17,160
Alberta Snowmobiling Association	$ 24,800
Y.W.C.A.	$ 27,000
Air Cadet League: Alberta	$ 15,000
Army Cadet League: Alberta	$ 18,050
Alberta Recreation and Parks Association	$ 45,000
Boys and Girls Clubs of Alberta	$ 59,300
Duke of Edinburgh Award: Alberta	$ 21,200
Alberta Navy League	$ 23,500
Alberta Association of Recreation Facility Personnel	$ 44,700
Y.M.C.A.	$ 30,000
Aerobatics Club of Alberta	$ 10,200
Alpine Club: Alberta	$ 34,400
Alberta Free Balloonists	$ 2,000
Alberta Fish and Game Association	$ 18,450
Alberta Hostelling Association	$ 10,000
Royal Life Saving Society: Alberta	$ 57,425
Alberta Ski Patrol	$ 14,380
Red Cross: Water Safety Servicer	$ 35,925
Alberta Kart Racing Association	$ 0
Alberta Billiards and Snooker Association	$ 9,800
Alberta Camping Association	$ 24,000
Canadian Parks and Wilderness Society: Alberta	$ 20,000
Alberta Chess Association	$ 2,500
Federation of Alberta Naturalists	$ 13,480
Physical Culture Association of Alberta	$ 30,000
Alberta Wilderness Association	$ 9,511
Sport Medicine Council of Alberta	$ 9,000
Be-Fit-For-Life Regional Resource Centres	$ 197,450
Alberta Fitness Leader Certification Association	$ 69,000
Alberta Yoga Association	$ 14,000
Program Totals	**$ 982,841**

YOUTH IN ACTION

The Recreation, Parks and Wildlife Foundation recognizes that the youth of today are the recreation leaders, park naturalists and wildlife conservationists of tomorrow. The awareness and skills individuals gain at an early age will enhance their abilities for future involvement in the province's recreation, parks and wildlife projects. With this in mind, the Foundation created Youth in Action, a special funding program specifically designed for young Albertans, divided into three distinct funding classes:

PROJECT DO is run in conjunction with the Foundation's Quarterly Grant Program. It allows young people to exercise their creativity, and provides assistance for unique and innovative projects which have been developed for youth, by youth or involve youth in their planning and execution.

The experience that these young people gain due to their involvement with these projects is immeasurable. It is the youth, not the adults, that are encouraged to set up the bank account, authorize expenditures, organize work schedules and solve the day-to-day problems that inevitably arise. Instead of having programs and facilities organized for them, these youth are learning to be their own instigators, planners and operators.

YOUTH IN MOTION is a travel subsidy available to youth groups who wish to travel within Alberta to a recreation, parks or wildlife opportunity. Depending upon the size of the group and the distance to be travelled, this subsidy can provide up to $300 assistance to defray transportation costs.

By personally witnessing Alberta's diverse recreation, parks and wildlife experiences, it is hoped that youth will gain a better appreciation of, and interest in sustaining these opportunities for future generations to enjoy.

MAKE CONTACT was created not as a granting program, but as an effort to provide young Albertans with the best possible leadership development opportunities. Through either a single annual conference or as a series of smaller regional programs, Make Contact provides a variety of high quality leadership development models for the youth of this province.

Make Contact takes on a new identity each year, depending on where the greatest need is. In the 1989-1990 fiscal year, a leadership camp was developed in central Alberta. Designed specially for delinquent and hard-to-manage youth, the program emphasized building confidence, self-esteem and problem solving abilities.

PARK VENTURES FUND

The Park Ventures Fund enables individuals and organizations to make donations, to apply for grants or to volunteer in support of projects which enhance preservation and protection of Alberta's natural heritage. The intent is to expand program opportunities in parks; involvement of volunteers and the private sector in general; and to initiate preservation of park resources, development and management of programs and facilities. 'Park' refers to land in use or to be developed for public enjoyment, observation or preservation.

During it's first year of operation, the Park Ventures Fund has taken a lead role as a catalyst in bringing individuals and groups together to protect and acquire special places. As part of this effort, the fund has working partnerships with many organizations, eg. Ducks Unlimited, Nature Conservancy Canada, Canadian Nature Federation, local interest groups, municipalities and individuals.

Together, with it's partners, the Fund is building a "made in Alberta" vision of private stewardship and public partnership. Private stewardship of acquired lands has been strongly encouraged and self-sustaining projects fostered. Examples of budding projects are: development of the half section of land, donated by M.L. Imrie, located at Devil's Lake for recreation and outdoor education in partnership with the community of Onoway through the initiative of the local Fish and Game Association; and the half section of land bequested by Mr. Perrenoud near Cochrane which will be a wildlife habitat area managed by Alberta Fish and Wildlife.

With the very important contributions of Alberta Lotteries, the ability of Park Ventures Fund to enrich programs is realized through grants. Some of the grants already provided were to assist Nature Conservancy Canada with the Cross Conservation Area Interpretive Centre; the Heritage Association of Cypress Hills with a tabloid newsletter informing park visitors of activities; and the City of Grande Prairie to develop and print a bird checklist for park visitors. A complete listing of Park Ventures Fund projects can be found within the quarterly grant applications listed in the appendix on page 15.

The impetus of the Fund will be to encourage and strengthen the involvement of volunteers, individuals, groups and businesses at the grassroots level in preserving and protecting Alberta's natural heritage. Park Ventures Fund is striving to achieve a substantial increase in private sector contributions and to establish an active land trust through Albertans for the future.

LEISURE LIFESTYLE PROGRAM

The Recreation, Parks and Wildlife Foundation is continuing to follow its long standing tradition recognizing the potential of using recreation as a vehicle for health promotion. Over the past years the Foundation has encouraged and supported many lifestyle enriching projects across the province.

Since establishing the special Leisure Lifestyle Development Program in January of 1988, the Division has actively sought new partnerships and other support agencies in both the public and private sectors to improve programs and services which enhance the quality of life in Alberta.

The main objectives of the Division are:

i) to provide Albertans with the awareness and skills to make positive lifestyle choices;

ii) to use environments such as the workplace, family, community, educational institutions, park and open spaces to promote positive lifestyle choices to Albertans; and

iii) to provide Albertans an opportunity to participate in special projects leading to positive lifestyle choices.

To achieve these objectives, the Leisure Lifestyle Development Program functions both proactively and reactively.

In 1989-1990 the Program initiated several projects and supported many others which were developed by outside agencies and individuals. The three main areas of focus remained: Promotion, the Alberta Centre for Well-Being and Special Projects.

Promotional efforts focused mainly on television.

A 30 second television ad promoting healthy activities was produced and aired in February and March on all television networks in Alberta. The Alberta Come Alive television campaign promoted the concept that there are a multitude of activity opportunities available in Alberta and each Albertan can take part in something.

The Alberta Centre For Well-Being was officially launched and moved to a permanent office at Sherbrook School in Edmonton. Researchers at the University of Alberta and the University of Calgary have been hired and are working on priority research projects. The University of Lethbridge researcher will be hired to begin work in the Fall of 1990. In 1989-1990 the Centre for Well-Being coordinated a number of presentations and workshops and initiated work on a major conference on Well-Being scheduled for October of 1990.

In the area of Special Projects, the Division responded to a variety of needs, both by productively initiating projects and by supporting other projects coming from outside the Foundation. The following is a sampling of special leisure lifestyle projects funded by the Recreation, Parks and Wildlife Foundation:

1) Project Apex - a nutrition and activity program for grade 5 students in Alberta schools.
2) Success In Fitness - a billboard magazine program that has placed billboards displaying information relating to health and well being in 200 recreation facilities in Alberta.
3) Safety In the Play Space Posters - a series of posters promoting safety in the play space for all the schools in Alberta.
4) Freddy the Fox Loppit - a festival of winter activities promoting activity opportunities during the winter.
5) Employee Lifestyle Challenge - a program that encourages healthy active lifestyles amongst employees of the corporate sector.
6) HPEC - Leisure Lifestyle Coordinator - a program to provide a full time staff person to work on coordinating leisure lifestyle programs in the schools.
7) Family Recreation Series - a project that will result in the production of a series of 13, 1/2 hour television programs which will provide educational material and promotion of healthy active living.

AUDITOR'S REPORT

ALBERTA LEGISLATURE

OFFICE OF THE AUDITOR GENERAL

To the Members of The Recreation,
Parks and Wildlife Foundation

I have examined the balance sheet of The Recreation, Parks and Wildlife Foundation as at March 31, 1990 and the statement of revenue, expenditure and unexpended funds for the year then ended. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances, except as explained in the following paragraph.

In common with similar organizations, the Foundation derives revenue from donations, the completeness of which is not susceptible of satisfactory audit verification. Accordingly, my verification of this revenue was limited to the amounts recorded in the records of the Foundation and I was not able to determine whether any adjustments might be necessary to donation revenue, excess of revenue over expenditure, assets, unexpended funds and restricted funds.

In my opinion, except for the effect of adjustments, if any, which I might have determined to be necessary had I been able to satisfy myself concerning the completeness of the donations referred to in the preceding paragraph, these financial statements present fairly the financial position of the Foundation as at March 31, 1990 and the results of its operations and the changes in its financial position for the year then ended in accordance with generally accepted accounting principles applied, after giving retroactive effect to the change in the method of accounting for donated land as explained in Note 3 to the financial statements, on a basis consistent with that of the preceding year.

Donald D. Salmon

		$ 5,351,222	$ 5,400,642

The accompanying notes are part of these financial statements.

STATEMENT OF REVENUE, EXPENDITURE AND UNEXPENDED FUNDS

FOR THE YEAR ENDED MARCH 31, 1990

		1990	1989
REVENUE			
	Alberta Lottery Fund	$ 4,566,000	$ —
	Western Canada Lottery Corporation	834,000	5,000,000
	Interest	606,166	327,179
	Donations	560,523	2,080
	Project revenue	121,436	16,660
		6,688,125	5,345,919
EXPENDITURE	Grants (Note 9)	4,557,503	3,557,024
	Administrative expenses, Schedule 1	457,723	439,244
	Project expenses (Note 10)	1,040,346	15,998
		6,035,572	4,012,266
	Excess of revenue over expenditure	652,553	1,333,653
	Unexpended funds at beginning of year	2,191,418	857,765
	Unexpended funds at end of year	$ 2,843,971	$ 2,191,418

NOTES TO THE FINANCIAL STATEMENTS

MARCH 31, 1990

NOTE 1 AUTHORITY

The Recreation, Parks and Wildlife Foundation operates under the authority of the Recreation, Parks and Wildlife Foundation Act, Chapter R-9, Revised Statutes of Alberta 1980, as amended.

NOTE 2 SIGNIFICANT ACCOUNTING POLICIES

Fixed Assets

Purchased fixed assets are recorded at cost. Donated fixed assets are recorded at estimated market value at date of acquisition. Office furniture and equipment are depreciated on a straight-line basis at rates of 10% and 25% per annum, respectively. Leasehold improvements are amortized over the term of the lease.

Donations

Unrestricted donations of cash and land are recorded as revenue of the Foundation in the statement of revenue, expenditure and unexpended funds.

Conditional donations of cash and land are recorded as restricted funds.

Grants Payable

Grants are recorded as liabilities and expenditure when approved by the Foundation and all significant conditions required to qualify for the grant have been met by the grant recipient.

Changes in Financial Position

A statement of changes in financial position is not provided as disclosure in these financial statements is considered to be adequate.

NOTE 3 CHANGE IN ACCOUNTING POLICY

During the year, the Foundation adopted the policy of recording donated assets as described in Note 2. As a result, donated land previously recorded at a nominal value of $1 has been retroactively recorded at its estimated market value of $228,000 with a corresponding credit to restricted funds.

NOTE 4 CASH

Cash consists of deposits in the Consolidated Cash Investment Trust Fund of the Province of Alberta. Interest is earned on the daily cash balance at the average rate of interest earnings of the Fund.

NOTE 5 FIXED ASSETS

	1990			1989
	Cost	Accumulated Depreciation and Amortization	Net Book Value	Net Book Value
Land	$ 905,000	$ —	$ 905,000	$ 288,000
Office furniture	42,319	21,372	20,947	25,179
Office equipment	37,920	32,310	5,610	6,377
Leasehold improvements	37,812	35,001	2,811	5,622
	$ 1,023,051	$ 88,685	$ 934,368	$ 325,178

Additions to fixed assets during the year totalled $700,825 (1989 $6,377), including donated land valued at $697,000 (1989 Nil). $457,000 of the donated land was subject to restrictions imposed by the donor as to its use by the Foundation.

NOTE 6 FUNDS HELD ON BEHALF OF THE RED DEER FOUNDATION

These funds were being held temporarily on behalf of the Red Deer Foundation and were returned during the year.

NOTE 7 RESTRICTED FUNDS

Restricted funds are represented by:

	1990	1989
Donated land	$ 725,000	$ 288,000
Endowment cash	199,124	199,124
	$ 924,124	$ 487,124

Restricted funds includes $288,000 of donated land for development as a natural park. Under the terms of the bequest, the land must be developed by 1991 or ownership reverts to the estate of the donor. The Foundation expects to receive clear title to this land in 1990-91.

The endowment was received from the Alberta Advisory Board on Recreation for the Disabled. Revenue derived from this endowment is to be applied to programs previously administered by that organization for a ten year period ending October 1994, after which the endowment funds will become expendable.

NOTE 8 UNEXPENDED FUNDS

Unexpended funds are summarized as follows:

	1990	1989
Expendable funds:		
General activities	$ 1,514,369	$ 1,001,380
Leisure Lifestyle program	449,461	817,605
Youth-in-Action program	400,118	222,835
Ventures in Parks program	267,677	125,500
Projects	32,415	24,100
	2,663,971	2,191,418
Donated land	180,000	—
	$ 2,843,971	$ 2,191,418

NOTE 9 GRANT EXPENDITURES

Grant expenditures are summarized by program as follows:

	1990	1989
Recreation	$ 1,094,447	$ 1,593,624
Parks	141,046	142,188
Wildlife	698,995	514,060
Provincial recreation association enrichment	993,186	972,713
Leisure Lifestyle	849,292	182,774
Ventures in Parks	57,825	74,500
Youth-in-Action	122,716	77,165
	$ 4,557,503	$ 3,557,024

Some grant expenditures require that a percentage of the revenue generated be returned to the Foundation. Any revenue received will be recorded on a cash basis as project funds.

NOTE 10 PROJECT EXPENSES

Project expenses are summarized as follows:

	1990	1989
Major fitness promotion campaign	$ 551,020	$ —
Rick Hansen Centre	400,000	—
Success in Fitness program	89,526	15,988
	$ 1,040,546	$ 15,988

NOTE 11 SUPPLIES, SERVICES AND ACCOMMODATION

Accommodation, basic office furnishings and certain other administrative costs and salaries of staff seconded from the Department of Recreation and Parks, have been borne by the General Revenue Fund and certain outside organizations and are not reflected in these financial statements.

NOTE 12 COMMITMENTS

As at March 31, 1990, the Foundation had commitments under long-term agreements and various grant programs which amounted to $671,000 (1989 $565,000).

NOTE 13 COMPARATIVE FIGURES

The 1989 figures have been reclassified where necessary to conform to 1990 presentation.

NOTE 14 APPROVAL OF FINANCIAL STATEMENTS

These financial statements were approved by management.

SCHEDULE OF ADMINISTRATIVE EXPENSES

FOR THE YEAR ENDED MARCH 31, 1990

	1990	1989
Management fees	$ 224,526	$ 235,589
Board members' fees and expenses	59,809	54,878
Office supplies and expenses	45,925	60,590
Newsletter	37,519	38,609
Meetings and entertainment	15,750	14,251
Travel	15,513	16,684
Depreciation and amortization	11,696	12,952
Car expenses and parking	8,754	9,327
Printing and advertising	4,500	4,102
Telephone	3,895	3,165
Delivery and transportation	2,537	2,842
Miscellaneous	9,699	6,855
	$ 437,723	$ 439,244

APPENDIX
